

## **TO ALL THE PEOPLE IN NEW ZEALAND**

### **LET US ALL UNITE IN A NATIONAL DAY OF PRAYER**

This is a call to all of us to observe Monday, 20<sup>th</sup> April as a National Day of Prayer.

This is a call to mark 4 pm on Monday as a time for joining in to electronic community prayer services organised by leaders in each community or to observe the time and pray in your bubble.

This is a call to use your data bases to communicate this call to your family and friends.

We ask that all community leaders organise electronic meetings at 4 pm and to invite members to join.

### **WE PRAY:**

- That the virus will be conquered speedily.
- That those that have the virus will be comforted and are healed speedily.
- For protection for all of us particularly for those at risk - the vulnerable, medical caregivers, people working in essential services.
- That we continue to observe the rules given to us by our government.
- That all communities continue to comfort the lonely and the distressed and provide for their needs.
- That we show kindness to one another.
- That nobody will commit any crime out of fear and that our police will continue their good work of law enforcement.
- That there will be co-operation between countries.
- That there will be unity in our families, in our communities and in our wonderful land.
- That we should all know what is expected of us and that we should fulfil those expectations.
- That all Kiwis wherever they may be should be safe.

### **IN OUR PRAYERS WE EXPRESS OUR GRATITUDE TO:**

- Jacinda Ardern for her excellent leadership at this time.
- All those in government who have tackled this blight head on.
- Government for providing financial support to enable people to keep their jobs and businesses to stay in business.
- Government for doing its best to bring Kiwis back from other countries.
- Our farmers who have indicated that our country has enough food to feed 40 million people.
- All those in essential services who are doing a great job in keeping the supply chains going for the benefit of all of us.
- To all of us for obeying the rules and keeping the peace.

With very warm wishes

Jules Gaddie

Natanya Da Costa
